

QHSE support

ISM, ISPS, MLC, ISO9001, ISO14001, OHSAS18001

Supporting your management system

- ⇒ **New bespoke management systems developed from scratch**
- ⇒ **Existing mature management systems overhauled and streamlined, additional requirements / standards integrated into systems**
- ⇒ **Support and training given in maintaining necessary records, analysis, feedback, preparing for audit, management review, etc**
- ⇒ **Internal and supply chain (2nd party) audits, accident investigations, shipboard inspections**

What are the benefits?

- **Cost savings**
- **Smooths out undermanned and overmanned cycles**
- **Allows projects to be undertaken without overwhelming your staff to the detriment of daily business operations**
- **Support, training and development of existing staff**

Why ISONIKE?

- **Competitive pricing**
- **Highly trained and qualified QHSE professionals with extensive experience and specialised knowledge in their fields, including ISO and Flag State Certification Auditors and Surveyors**
- **Expanding network of staff and affiliates**
- **Customer focused and result oriented**
